

## WEEKLY SUMMARY REPORT

<b>PROJECT NO.:</b>	2476.0001Y006	<b>WEEKLY REPORTING PERIOD:</b> Monday April 23, 2018 through Sunday April 29, 2018
<b>PROJECT:</b>	CFAC Phase II Site Characterization	
<b>LOCATION:</b>	Columbia Falls, Montana	

### SUMMARY OF WORK COMPLETED

- Two Roux personnel mobilized to the Site on April 25, 2018;
- Roux personnel conducted Site reconnaissance of drilling locations that may need brush clearing or regrading prior to drilling;
- Cascade (drilling subcontractor) mobilized to the Site with clearing equipment, Sonic drill rig (track), Geoprobe direct push probe (track), investigation derived waste (IDW) containers including one 21K-gallon frac tank and four roll-off bins;
- Cascade staged all IDW containers and prepared the decontamination station;
- Cascade cleared and graded five locations (CFSB-258, CFSB-259, CFSB-272, CFMW-068, CFMW-069);
- Private utility clearance and mark outs were conducted at ten soil boring locations surrounding the Rectifier Yards (Shari A Johnson & Associates Engineering, PLLC). Century Link conducted utility clearance and mark outs for telephone lines. No utilities were encountered.
- Roux personnel downloaded water-level data from six pressure transducers (CFMW-053, 053a, 016, 016a, 019, 019a); and
- Roux personnel collected surface and shallow soil samples from eight locations utilizing a hand auger (CFSB-207, 208, 231, 232, 233, 234, 235, 236).

### SUMMARY OF WORK PLANNED FOR NEXT WEEK / ANTICIPATED SCHEDULE CHANGES

- Planned
  - Begin advancing soil borings and installing upper hydrogeologic unit monitoring wells using the Sonic drill rig;
  - Begin advancing soil borings using the Geoprobe direct push rig; and
  - Collect soil samples for laboratory analysis.
- Modifications
  - No modifications to schedule or deviations from Work Plan or Phase II Sampling and Analysis Plan.

### HEALTH AND SAFETY NOTES

- Roux and Cascade personnel completed Site orientation and health and safety plan review; and
- Ergonomics and good housekeeping best practices were reviewed for soil sampling activities.

### OTHER NOTES

- No other notes.
